DUMP CARTS

PRO SERIES

PRO SERIES

***BUILT TO HANDLE
THE WORK THAT
DOESN'T LET UP.***

Magnum Pro-Series Dump Carts have become one of our signature material handling products. Each cart is designed around a premium injection-molded tub, easy-clean surfaces, and durable wheel and caster options for dependability across demanding jobsites. With multiple capacities, heavy-duty frame configurations, lid options, and replacement parts available, the Pro-Series Dump Cart lineup gives crews a dependable system for moving, dumping, storing, and handling heavy loads day after day.

The digital version of this document has been enhanced with hyperlinks that link to product detail pages on magnum-tool.com

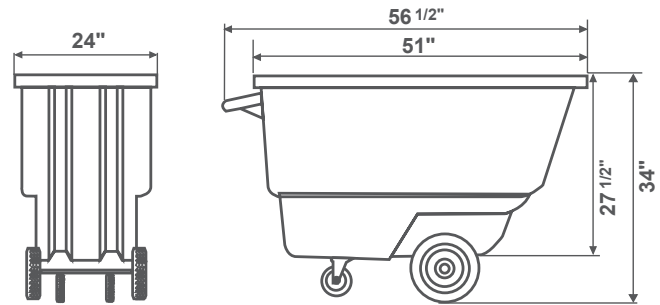

THE LINE

AT A GLANCE

All dump carts come standard with premium injection-molded tubs and heavy-duty wheels and casters for lasting durability, unless marked -NM for Non-Marking wheels and casters. Enhanced frame options are also available for customers hauling serious weight, and we stock replacement parts and accessories to keep you rolling.

DUMP CARTS

Engineered for industrial and commercial use, these durable injection-molded tubs support load capacities ranging from 750 to 1,250 lbs. Available in 1/2 cubic yard and 1 cubic yard covered capacity, each dump cart is built with a variety of reinforced frame options to meet demanding jobsite needs.

Designed for smooth maneuverability and equipped with robust wheel and caster configurations, these carts are also easily stackable, ensuring efficient storage and transport.
