**MAGNUM**TM

WE'RE ON A MISSION TO DELIVER

Hard-Hitting Value.

In 1989, Magnum Tool Corp, Inc. began its journey as a tool distributor in Houston, Texas. Aiming to leave a lasting imprint on our industry, we focused on establishing a reputation for delivering professional-grade tools and equipment at unbeatable value. At Magnum, we assembled an exceptional team that cultivated a strong network of distributors throughout the country. We are proud of the company we built, and now our loyal customers deploy our tools on jobs all over the world. Our commitment to excellence through friendly customer service, product training, and support sets Magnum apart.

Today, Magnum is known for offering a premium selection of trade tools. We continue to innovate and add value to our products, which are engineered to endure daily rugged use. Whether it is a sledgehammer, shovel, or rake, Magnum provides professional-grade equipment ensuring you hit your target.

PRO SERIES

MAGNUM PRO SERIES FIBERGLASS SLEDGE HAMMERS

When you need a bigger hammer, reach for a PRO-SERIES. Brandishing a tough Forged Steel Head and 36" Double Injection Fiberglass Handle, these Sledge Hammers are hardier than wood and with superior shock absorption. Plus, they are non-conductive when working around electricity. The comfort grip handle not only feels great but also provides a better gripping surface and reduces fatigue and slippage.

- Tougher than nails and built for daily abuse
- Fiberglass shaft with comfort grip handle
- Forged Steel Heads in multiple weights

4 LB DRILLING HAMMER

Crafted with a tough, drop-forged steel head to withstand repeated impacts, this hammer features a genuine hickory hardwood handle for natural shock absorption and impact resistance. Perfectly balanced for precision and power, it's ideal for driving chisels, stakes, and wedges with ease. Whether chiseling stone, driving stakes into the ground, or tackling demolition work, this small but mighty hammer is built to deliver an impact every time.

3-1/2 LB SINGLE & DOUBLE BIT AXES

Magnum 3-1/2 lb Single and Double Bit Axes are built to dominate heavy-duty woodcutting. Armed with heat-treated forged steel heads and rugged hickory handles, they deliver raw power, relentless durability, and superior shock absorption. Whether you're splitting logs or felling timber, these axes are the ultimate tools for taking on the toughest jobs.

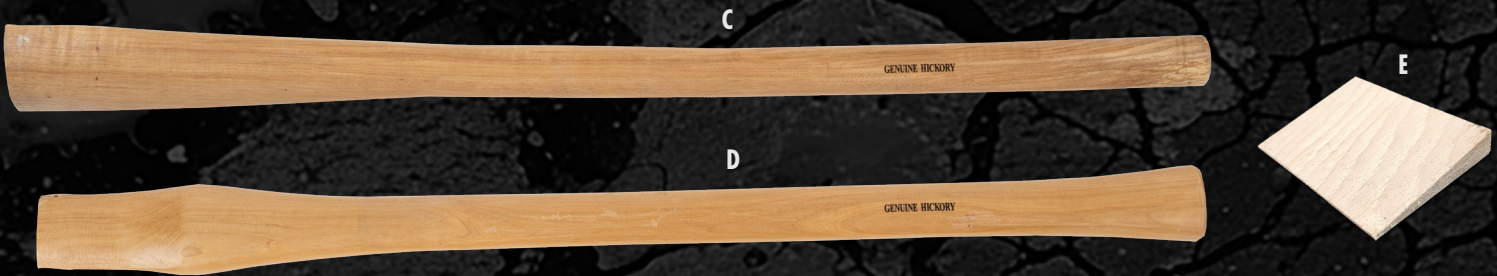

Our Single Bit Axe is your go-to workhorse for splitting logs, chopping wood, and general cutting tasks, providing precision and power with a focused cutting edge. The flat poll on the opposite side is perfect for driving wedges or stakes, making it a versatile choice for a wide range of jobs.

Our Double Bit Axe brings balance and versatility, offering two cutting edges — one kept razor-sharp for chopping and fine work, and the other maintained duller for heavy-duty or rougher cuts. Ideal for pros and seasoned users, it lets you switch tasks without reaching for another tool, making it the ultimate axe for continuous, demanding work.

- Forged Steel Head: Heat-treated for superior strength and durability
- Hickory Handle: Genuine hardwood for natural shock absorption and lasting comfort
- Versatile Utility: Ideal for forestry, construction, landscaping, and outdoor projects
- Heavy-Duty Performance: Designed for professionals and serious woodcutters

1-1/2 LB CAMP AXE

The Magnum 1.5 lb Camp Axe is your go-to weapon for the wild. Built for power and precision, its forged steel head bites deep into wood with every swing, while the genuine hickory handle absorbs shock for unbeatable control and comfort. Compact yet mighty, this axe splits kindling, chops limbs, and handles campsite duties with ease. Whether you’re blazing trails or building fires, trust this rugged tool to bring the heat. Get ready to chop, split, and dominate—wherever adventure takes you.

- 1.5 lb forged steel head for powerful chopping and splitting
- Genuine hickory handle absorbs shock and provides superior control
- Compact design is easy to transport and carry
- Ideal for splitting kindling and chopping small limbs
- Built tough for lasting durability in rugged environments

SPLITTING WEDGES

Make splitting wood, or busting through material, faster and easier with our durable splitting wedges. Available in 4 lb and 5 lb sizes, and featuring a 60-degree bevel and a forged head for efficient performance. Use it with a sledgehammer or splitting maul to quickly turn tough splitting tasks into manageable pieces. Crafted from machined, ground, and heat-treated carbon steel, this wedge is built to withstand tough, repeated use.

- Designed for splitting logs and kindling
- High tempered steel
- 4 lb and 5 lb available
- Flat black enamel finish
- Wedge design

HEAVY DUTY HOES WITH LONG WOODEN HANDLES

Magnum Heavy Duty Hoes are built to take on the toughest digging and cultivating tasks. The forged steel blade delivers exceptional strength for breaking through dense soil, cutting roots, and clearing debris. The long, solid wood handle provides superior leverage and natural shock absorption, reducing fatigue during extended use. Designed for durability and reliability, this tool is a must-have for serious gardeners, landscapers, and contractors alike.

- Forged steel blade for superior strength and durability
- Sturdy wooden handle offers comfort, leverage, and shock absorption
- Heavy-duty construction ideal for tough soil, roots, and debris
- Available in 2.5 lb and 3 lb models, when a larger head is needed

HEAVY-DUTY DEMOLITION

When it's time to tear down, break apart, and pull through, Magnum's heavy-duty demolition tools are built to handle the hardest jobs. From ripping out walls and flooring to prying, aligning, and pulling, these power-packed tools give you the leverage, strength, and durability needed to dominate demolition work. Engineered for ultimate performance, they make short work of stubborn nails, heavy boards, and tough materials — so you can focus on building what comes next.

13

SOLUTIONS FOR

DEMOLITION

Break apart walls, floors, or other structures during renovations or demo.

REMOVAL

Extract nails or screws from wood and walls.

PRY

Separate two objects that are joined together, such as boards, panels, or pallets.

LEVERAGE

Provide leverage to lift heavy objects or materials.

ALIGN

Adjust or align heavy materials like beams or boards into place.

WRECK & PULL

Break down pallets, pull apart wooden crates, or disassemble structures.

14

TRASH CANS

PRO SERIES

TRASH CANS

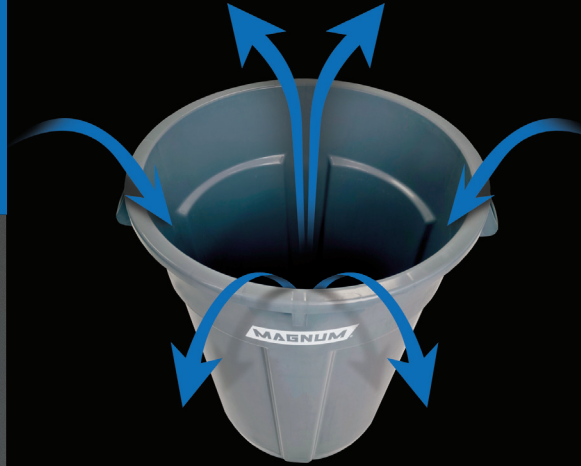

Excellent quality, innovative features and outstanding value without sacrificing durability. Welcome to Pro Series - professional grade equipment that works hard and stands up to daily punishment.

- Air channels reduce suction and make bag removal a breeze
- Built-in bag cinches to secure liner
- Massively reinforced, jobsite ready trash cans
- Ergonomic built-in handles for comfort and easy handling
- Lids and dollies available as optional accessories

MAXIMIZE AIRFLOW

FOR CAN STACKING & BAG RELEASE

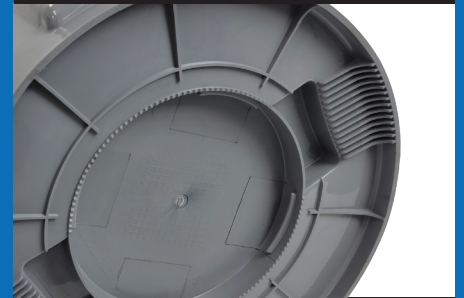

AIR CHANNELS

make removing bags and unstacking trash cans a breeze, not a challenge.

BAG CINCHES

help secure your bag and reduce clean up of messy debris.

MASSIVE REINFORCEMENT

for added strength, durability and longevity.

NEW COLORS & SIZES SEE PG. 23

PRO SERIES

MAGNUM PRO SERIES TRASH CANS

Designed to enhance productivity and reduce strain, Magnum Pro Series Trash Cans feature innovative air channels that make lifting liners effortless. Built from premium materials, they withstand even the harshest commercial environments and punishments.

- Integrated cinches secure liners without knots for fast, hassle-free changes
- Reinforced, easy-grip handles resist tearing and damage under heavy loads
- Durable reinforced base stands up to dragging over rough surfaces for extended life
- Contoured base handles improve ergonomics and reduce strain when emptying
- Rib-structured rim adds strength to resist crushing
- Stackable design allows for easy nesting, transport, and storage

HEAVY DUTY TRASH DOLLY

CATC-DG-HD

- Massively reinforced
- Universal fitment on most major brands, including Magnum Pro Series Trash Cans
- Fits 20, 32, 44, and 55 Gallon Trash Cans
- 6.2 LB

PREMIUM DUMP CARTS

- Premium injection molded tubs for added strength in corners and industrial strength durability
- Smooth surface is easy to clean and resists corrosion
- Fits through standard doorways and elevators
- Handling can be performed by a single user
- Premium grade wheels and casters, available in Heavy Duty and Non-Marking

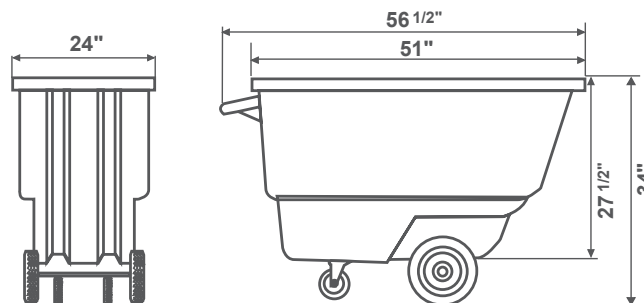

MAGNUM

Save freight and space by stacking more on a pallet.

1/2 CUBIC YARD DUMP CARTS

Premium built for efficient material handling and ultimate durability. Ideal for industrial and commercial use. Easy maneuverability, 700 LB load capacity, and your choice of premium wheels and casters.

750 LB LOAD CAPACITY

ITEM CODE	MATERIAL CAPACITY	CASTER TYPE	WHEEL TYPE	WEIGHT (LB)	PALLET COUNT
DUC12T	1/2 CU. YD.	4" HEAVY-DUTY	10" HEAVY-DUTY	64	14
DUC12T-NM*	1/2 CU. YD.	5" NON-MARKING	12" NON-MARKING	48	14

*Use 2-5/8" Axle (DUA12-575)

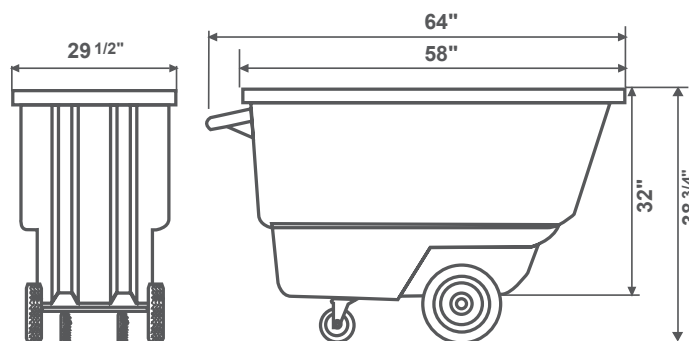

Lids and parts available. See pages 28-29.

1 CUBIC YARD COVERED CAPACITY DUMP CARTS

Premium built for efficient material handling and ultimate durability. Ideal for industrial and commercial use. Easy maneuverability, 800 LB load capacity, and your choice of premium wheels and casters.

800 LB LOAD CAPACITY

ITEM CODE	MATERIAL CAPACITY	CASTER TYPE	WHEEL TYPE	WEIGHT (LB)	PALLET COUNT
DUC100-12	1 CU. YD. COVERED CAPACITY	5" HEAVY-DUTY	12" HEAVY-DUTY	89	12
DUC100-12-NM	1 CU. YD. COVERED CAPACITY	5" NON-MARKING	12" NON-MARKING	73	12

1 CUBIC YARD COVERED CAPACITY DUMP CARTS WITH REINFORCING FRAME

Built for superior durability and efficient material handling, this premium tilt truck is perfect for industrial and commercial use. With a load capacity of up to 1,000 LB on heavy-duty casters or 900 LB with non-marking wheels, it offers smooth maneuverability and reliable performance.

UP TO 1,000 LB LOAD CAPACITY

The **reinforcing frame** provides extra structural support for safe tilting and dumping, while the lower handle offers a secure grip for controlled unloading.

ITEM CODE	CASTER TYPE	WHEEL TYPE	LOAD CAPACITY (LB)	WEIGHT (LB)	PALLET COUNT
DUC100-R	5" HEAVY-DUTY	12" HEAVY-DUTY	1000	94	12
DUC100-R-NM	5" NON-MARKING	12" NON-MARKING	900	78	12

Lids and parts available. See pages 28-29.

1 CUBIC YARD COVERED CAPACITY DUMP CARTS WITH HEAVY DUTY FULL FRAME

Engineered for heavy-duty industrial and commercial use, this premium full-frame tilt truck delivers unmatched durability and performance. With a load capacity of up to 1,200 lbs on heavy-duty casters or 950 lbs with non-marking wheels, it handles the toughest jobs with ease.

UP TO 1,200 LB LOAD CAPACITY

The **heavy-duty full frame** design reinforces the entire tub, preventing bowing or distortion under heavy loads and ensuring long-lasting reliability. A lower handle provides a secure grip for safe and controlled unloading, making this the ultimate solution for demanding material handling tasks.

ITEM CODE	CASTER TYPE	WHEEL TYPE	LOAD CAPACITY (LB)	WEIGHT (LB)	PALLET COUNT
DUC100-H	5" HEAVY-DUTY	12" HEAVY-DUTY	1200	112	10
DUC100-H-NM	5" NON-MARKING	12" NON-MARKING	950	96	10

Lids and parts available. See pages 28-29.

FORKLIFT READY DUMP CARTS

UP TO 1,250 LB LOAD CAPACITY

FORKLIFT READY DUMP CARTS

Available in both 1/2 cubic yard and 1 cubic yard covered capacity models, Magnum Forklift Ready Dump Carts are built for serious material handling with a reinforced forkliftable frame and up to 1,250 lb load capacity. Designed for industrial strength and durability, they make transporting and dumping heavy loads safe and efficient with a forklift, or without. Ideal for bulk materials, debris, or waste, these carts deliver top performance and easy maneuverability for the toughest jobs.
